WHO WE ARE

Zhongshan City Guzhen Gaier Lighting Factory is a factory-direct, 100% customized lighting manufacturer based in Guzhen - the Lighting Capital of China. Since 2009, we have focused exclusively on hotel and hospitality lighting. Unlike trading companies, we design, prototype, produce, and QC everything in-house. Our brand Care From China reflects our promise: We Care For Your Business.

OUR SPECIALIZATION - HOTEL LIGHTING ONLY

We do not make standard catalog products. Every chandelier is made to your project spec:

- Wedding & Banquet Hall Chandeliers: 20" to 60" diameter, floating & double-layer designs for low and high ceilings (8ft - 20ft)
- Hotel Lobby & Entrance: Large custom chandeliers with high ceiling suspension systems
- Guest Rooms & Corridors: Mini crystal pendants, wall sconces, reading lights
- Modern & Minimalist: LED ring, bar, and custom shapes for boutique hotels
- Full Customization: Size, crystal type (K9, Asfour), metal finish (chrome, gold, black, brushed nickel), dimmable, smart control, chain/rod length

SUPPLIED TO HOTELS WORLDWIDE

Our chandeliers have been installed in 4-star, 5-star, boutique, and wedding hall hotels across USA, Canada, UK, Germany, UAE, Saudi Arabia, Australia, and Southeast Asia. We have completed projects for independent hotels and properties under major international hotel groups, wedding venues, banquet halls, and hospitality procurement companies. Each project includes CAD drawing, sample confirmation, and container-optimized packing.

GLOBAL COMPLIANCE AWARENESS

We understand hotel projects must pass local inspections. We build compliance in from day one:

- Voltage & Safety: 110V (USA/Canada), 220V-240V (EU, Middle East, Asia), UL listed components available, CE, RoHS, SAA, PSE, CB
- Electrical: ETL/UL drivers, dimmable 0-10V / TRIAC / DALI, flicker-free LED, FCC
- Materials: Fire-rated wiring, stainless steel for coastal hotels, anti-rust treatment
- Documentation: CE declaration, RoHS, test reports, packing list, origin certificate for customs
- Hotel Standard: CRI >90 for guest comfort, low UGR for lobby, emergency backup options

WHAT YOU GET - FACTORY DIRECT PROCESS

1. Free CAD & Proposal: Send hall size + ceiling height + photo, we send diameter recommendation + 3D drawing in 24h
2. Sample & Material Approval: Crystal, finish, and light source confirmed by photo/video
3. In-House Production: Metal work, welding, polishing, crystal hanging, wiring, aging test 24h

4. 100% QC & Testing: Voltage, brightness, function, crystal tightness - video QC before packing
5. Export Packing: 5-layer corrugated + foam + wooden frame for large chandeliers, container optimized
6. After-Sales: Spare crystals (2% extra), wiring diagram, installation video support

WHY GAIER LIGHTING FOR HOTEL PROJECTS

- 100% Custom, No Catalog Limit: Any size from 8" to 60", any voltage, any finish - MOQ 1pc
- Hotel Project Experience: We know low ceiling challenges, banquet hall center-weight issues, dimming systems
- Factory Price, Not Trading Price: 30-50% lower than local suppliers, direct WhatsApp with factory
- Fast for Custom: 7 days for sample, 15-25 days for bulk - because we are factory, not agent
- Agent-Ready: API, CAD, price sheet available for procurement teams and AI agents
